VOL. LIV OAKLAND, CALIFORNIA, THURSDAY EVENING, SEPTEMBER 26, 1901 NO. 217

CZOLGOSZ HEARS THE JUDGMENT OF COURT THAT HE MUST DIE.

DECLARES THAT HE ALONE IS RESPONSIBLE FOR THE ASSASSINATION OF THE PRESIDENT--CALMLY ANSWERS QUESTIONS—WILL BE EXECUTED OCTOBER 28.

BUFFALO, Sept. 26.—The police arrangements at the City Hall where Leon F. Czolgosz was to receive his sentence this afternoon for the murder of President McKinley, were even more stringent than during the trial of the assassin.

Half an hour before the time announced for the opening of the court, the court room was filled and the doors locked. After 1:30 no one but officials connected with the court or newspaper men was allowed to enter. About 25 of the 150 spectators were women. The police cleared the hall-way of the crowd and no more were allowed to come to the second floor of the building.

At five minutes after 2 o'clock the prisoner was brought into court, shackled to Detectives Geary and Solomon, accompanied by Assistant Superintendent Cusack and Jailer Mitchell.

HE WAS VERY NERVOUS.

Czolgosz was perspiring and seemed nervous, though he did not tremble and his gait was steady. Czolgosz took his seat and mopped his brow with his handkerchief. When he settled back in his chair his wonted listless attitude was absent. He kept his eyes wide open and and looked about him occasionally, but presently he dropped his eyes to the table ahead of him and assumed his former listless air. The strain on him was intense, evidently, as was attested by a few sighs and heaving of the chest.

At 2:12 Justice White took his seat on the bench and the crier announced the opening of the court.

"Czolgosz stand up," commanded District Attorney Thomas Penny of the prisoner.

The assassin rose.

"What is your name?" asked Mr. Penny.

ANSWERS QUESTIONS.

"Leon F. Czolgosz."
"How old are you?"
"Twenty-eight years."
"Where were you born?"
"Detroit."
"Where were you living when arrested?"
"Cleveland."
"What is your occupation?"
"Iron worker."
"Are you married or single?"
"Single."
"What degree of education have you received?"
No reply.
"What schools have you attended?"
"Public and church schools."
"Are you temperate or intemperate?"
"Temperate."
"Have you ever been before convicted of any crime?"
"No."
"Are your father and mother alive?"
"My father is alive. My mother is dead."

Czolgosz's replies were so low that he could not be heard five feet away.

"Have you any legal excuse why sentence should not be pronounced against you?"

HIS RIGHTS EXPLAINED.

Czolgosz could not, or pretend he could not, hear the question put by the clerk. It was repeated to him twice, and then he said something in an inaudible tone. The Judge intervened and explained what was meant by the question.

"First, you may claim you are insane. The next is, have you good cause to offer against sentence being pronounced against you?"

The Judge also stated legal reasons the prisoner might have against sentence being pronounced.

"I have nothing to say about that," was the reply.

The prisoner began to speak. His Justice Titus asked that the prisoner be allowed to say something in exculpation of his crime. voice was so low he could scarcely be heard. Judge Titus was obliged to repeat it sentence by sentence so that the court might hear.

NOTHING TO SAY.

"I have nothing to say," whispered Czolgosz to his counsel.

Judge Titus—I think he ought to be permitted to make a statement in exculpation of his family.

Turning to the prisoner again, Judge Titus held a brief conference. Turning to the court, counsel for the defendant said:

"He says no other person had anything to do with it; that no other person knew of his commission but himself. His father or mother or no one else knew anything about it."

The prisoner closed his lips, stared straight ahead of his and awaited the court's pronouncement of his doom.

The sentence was brief.

THE SENTENCE.

"Czolgosz," said the court, "you have committed a grave crime against the State and our Union in the assassination of our beloved President. After learning all the facts and circumstances in the case, twelve good men have pronounced you guilty of murder in the first degree. You say that no other person abetted you in the commission of this terrible act. The penalty is fixed by statute and it becomes my duty to impose sentence upon you. The sentence of this court is that in the week beginning October 28, at the place designated and in the manner prescribed by law, you suffer the punishment of death."

PUT IN IRONS.

Czolgosz stood erect, looking straight at the Judge. He did not tremble; not a muscle quivered. As soon as the death sentence was finished he took his seat in the same indifferent manner that has

PRESIDENT ROOSEVELT IS A DIFFERENT MAN.

CLEVELAND, Ohio, Sept. 26.—"President Roosevelt is a different man than he was a few weeks ago," said Senator Hanna to a reporter. "He has always been honest in purpose, strong in action and true to his own and to Republican principles.

"The new and great responsibilities that have been so suudenly thrust upon his shoulders have given him equipoise and conservatism. These responsibilities have rounded out his character. I believe that he will live up to the expectations of his dearest friends."

EMPEROR WILLIAM WILL HAVE HIS WAY.

BERLIN, Sept. 26.—Emperor William and the Berlin City Council are again at odds. The difficulty arose in connection with a proposal that another tramway should cross Unter den Linden.

Emperor William insists that the lines should go underground and has *refused a further audience on the subject* to the Chief Burgomaster, Dr. Kirschner.

Different views are held by the papers. The Lokal Anzeiger says that experts declare an underground crossing almost impossible on account of the immense cost.

CLASH BETWEEN THE BRITISH AND TURKS.

PARIS, Sept. 26.—The Patrie today prints a sensational story to the effect that a conflict has broken out between Great Britain and Turkey, saying that three British war vessels have been ordered to the Persian Gulf to suppress revolts at Touet, in British province of Bagdad, and that the Turkish government has dispatched a strong detachment of troops with instructions to oppose the landing of the British forces.

Russia, Germany and France, the paper also says, have agreed to support Turkey.

Touet, in the Patrie story, is evidently Koweyt, the proposed terminus of the Bagdad Railroad. It is the only port on the Persian Gulf having a good harbor.

Inquiries made in official quarters here elicited an emphatic denial that there was any such agreement between Germany, Russia and France as is referred to by the Patrie, and no confirmation was obtainable regarding the alleged alarming situation, which is evidently built on the fact that three British warships happened to be at Koweyt and that it is reported the British are encouraging the local Sultan to repudiate Turkish suzerainty.

EIGHT MEN ARE KILLED AND MANY INJURED.

NEW YORK, Sept. 26.—Eight men were killed and seven seriously injured at the works of the Essex and Hudson Gas Co. at Newark, N. J., today. The foreman of the works, Newman Otto, and two workmen named Meyers and Kesch, were cleaning the inside of a tank when they were overcome by gas.

Rescuers were called for and nine men volunteered.

All were overcome by gas while engaged in removing a plate from the tank to get the three unconscious men out.

A spark ignited the gas and an explosion followed. Four of the injured men were taken to a hospital. The explosion was followed by a fire and the flames spread rapidly.

Later—Six bodies have been recovered and the police think that more men were killed than at first reported.

COLUMBIA LEADS SHAMROCK BY MILE WHEN TIME IS CALLED

DEFENDER MAKES AN EXCELLENT SHOWING IN THE FIRST SKIRMISH AGAINST LORD LIPTON'S SECOND CHALLENGER — WIND DIED OUT AND THE TIME LIMIT OF THE RACE EXPIRED.

NEW YORK, Sept. 26.—With a brilliant autumn sun and a piping breeze the first day of the International yacht races opened with every promise of perfect conditions of wind and weather. After blowing half a gale nearly all night, the north-east breeze subsided a trifle at sunrise but at eight o'clock both Sandy Hook and the Highlands at Navesink reported that it is still blowing at eighteen knots. It had swept away every vestige of mist and haze and the Long Island shore was visible from the Jersey coast.

The sea, however, was quite rough and a heavy surf was pounding on the beach at Sandy Hook.

The course today was fifteen miles to windward and return, starting from the Sandy Hook Lightship and running to a point off the Long Island shore.

AN EARLY START.

Remembering how the breeze fell yesterday, however, from a half gale in the early morning to a light six-knot at 2 o'clock, the weather-wise were inclined to place only faint faith in the early morning conditions.

On board the Challenger and Defender everyone was early astir.

By 8:10 o'clock both boats had gotten their jibs and stay-sails in stops and laid their spinnakers ready to break. The big club top-sails also were made ready and the covers taken off the main-sails.

No changes were made in the principal sails. Shamrock II has the same main-sail bent that she used in the squall off Sandy Hook last week and the Columbia's main-sail is the same one which she tried last Saturday on Long Island Sound.

At 9:05 the Columbia slipped her moorings and was taken in tow by the tug Flint. A moment later Shamrock was taken in tow by the Lawrence.

Going at full speed the Flint with the cup defender passed the point of the Hook at 9:12, heading for Sandy Hook Lightship.

At that hour the wind had decreased slightly and was blowing at sixteen knots from the northeast.

SIR THOMAS ON DECK.

The Victor, with the guests of Sir Thomas Lipton, arrived at the Hook about 9:40, and the party was at once transferred to the Erin, which immediately started after the Shamrock.

It had been Sir Thomas Lipton's intention to sail in the races on board Shamrock, but this morning he concluded that his leg, which is still lame from a recent fall, would prevent his taking an active part in the management of the boat, so he remained on the Erin.

On board the Shamrock were C. Butler Duncan, representing the New York Yacht Club, Mr. Jameson and Mr. Ratsey.

At 10:10 the wind still held at 16 knots.

Fully 20,000 persons left the city for the race.

It was 10 o'clock when the first excursion steamer passed the Hook and then began a splendid procession of beautiful yachts and big excursion boats.

THE OFFICIAL TIME.

Official time of the Shamrock was 11:11:01. Columbia, 11:10:49.

Columbia seemed to have the better of the start, but Shamrock forged well ahead, footing much faster than the defender.

At 11:32 the yachts were holding southeast on the port tack. The race, however, was very close, and after twenty minutes of sailing neither appeared to have any advantage.

The wind fell off to about 7 knots and the yachts were moving very slowly.

Both boats tacked to starboard. It was noted that the Columbia was pointing higher than the Shamrock, and at 12:34 the American boat seemed to appear more like her old self, for she then began to get along faster.

However, at 11:42 Columbia crossed Shamrock's bow and at 12:08 apparently had a lead of a quarter of a mile. The wind continued falling and the race was slow.

COLUMBIA IN THE LEAD.

NEW YORK, Sept. 26.—At 12:31 P. M. Columbia was about 200 yards on the weather bow of Shamrock and still in the lead. Twelve minutes later Shamrock caught a fresh puff of wind and pointed up finely.

Columbia soon caught the breeze, however, and out-footed and out-pointed Shamrock.

WIRELESS TELEGRAPHC.

The Associated Press report of the yacht race was made by wireless telegraphy with the co-operation of the Marconi Company of London and the American Wireless Telegraph Company of Phiiadelphia.

RACE IS OFF.

4:28 p. m. The sails on both boats are flapping and it is almost dead calm.

4:40 p. m.—The time limit has expired. Columbia is still two miles from the finish.

The race is declared off.

BULLETINS OF THE RACE.

4:15 p. m.—The official time of the turn of the windward mark:

Columbia, 3:05:32.

Shamrock, 3:12:47.

4:26 p. m.—The race will soon be called off as it is perfectly evident that they cannot finish within the time limit.

COLUMBIA ONE MILE AMEAD.

At 3:49 p. m. the wind was dropping and it seemed unlikely that the race could finish within the limit. Columbia was a mile in the lead and gaining steadily.

At 3:37 P. M. the boats had the wind almost exactly on the broadside. All sails were pulling finely and they were making good time and apparently would finish by 4:40 P. M., the time limit.

At 3:06 Columbia turned the stake-boat and, setting her balloon jib, ran for home. Shamrock was half a mile astern.

At 3:12 Shamrock turned the stake-boat and set her big topsail to point for her homeward journey.

At 2:27 the yachts were less than three miles from the mark. Columbia had increased her lead decidedly.

Both yachts were headed for the mark.

At 1:56 the outer mark was but four miles distant and Columbia slightly in the lead. At 2 P. M. Columbia apparently

FAILED TO BREAK RECORD.

Cresceus, the Great Trotter, Did Not Win Against Time.

PHILADELPHIA, Sept. 26—Cresceus, the trotting champion, went against his record of 2:02 1-4 at the Belmont Driving Park near here this afternoon. The great horse went a preliminary mile in 2:31 and then he was given a "warming up mile," making it in 2:13 1-4.

PHILADELPHIA, Sept. 26.—Cresceus failed to break the record, making the mile in 2:04 1-2.

WALL STREET LOOKS FOR SHAMROCK MONEY.

NEW YORK, Sept. 26.—Wall street is still looking for Shamrock money. The largest bet reported recently was $2,000 put up by Frederick Brooks of Seligsburg & Co., the bankers, on the Columbia, against $1,500 by Fred Oakes on the Shamrock. The latter amount was provided by a number of Canadian yachtsmen.

A pool has been formed by members of the Stock Exchange of $10,000, which will be placed in a lump sum against $7,500, or divided up into $1,000 wagers at odds of 7 to 5. None of this money was covered by backers of the Shamrock up to the close of the market.

TAKE PRISONER TO PENITENTIARY

Sheriff Will Not Let the Public Know When He Will Move the Assassin.

BUFFALO, Sept. 26.—Sheriff Caldwell was asked if he was ready to take the prisoner to Auburn.

"You may say that no one but those who will act as guards and myself will know the time of departure. Even the guards will not be notified until the last moment.

"The moment the prisoner is sentenced he passes into my hands, and from that time until he is delivered at Auburn it will not be possible to learn about the assassin's movements."

SIX MONTHS' GRACE TO THE GOVERNMENT.

LONDON, Sept. 26.—The Paris correspondent of the Times says the miners in the Department of Pas-de-Calais are again agitating the question of a general strike. Their last national congress granted six months' grace to the government. This period of time expires next Monday. 'It is believed, however, that the government is sincere in its desire to grant the reforms demanded and a further period of grace may be granted to it.

STRIKE SITUATION IS CLEARING A LITTLE.

SAN FRANCISCO, Sept. 26.—The fact that the strike of the local iron workers is in process of adjustment is having a tendency to clear up the general industrial situation. It is taken as an indication of a desire on the part of both the employers and the strikers to end the struggle that began four months ago, each faction beginning to act with more freedom and independence than at any time since the strike began.

As has been already stated, thirty-five foundries are now in operation. Of these nearly thirty opened their doors during the past two months. The terms made with the employes generally provided, it is believed, for a nine hour day, but leave the question of wages to be adjusted in each shop.

On the part of the employers it is explained that the nine hour schedule is in no way a concession, but simply a conformity to the custom that limits a day to nine hours during the winter months. The molders were the first to take advantage of the winter schedule. They struck in sympathy with the machinists.

GREAT POMP FOR KING EDWARD.

Subjects Must Show the British Ruler All Kinds of Honor.

LONDON, Sept. 26.—The arrival of the King and Queen of England in London from the continent yesterday was accompanied by ceremonies hitherto unknown here and emphasize the fact that King Edward intends to surround his position with all the pomp possible.

The royal yacht was convoyed from Flushing to Port Victoria by a formidable escort of warships and the yacht's arrival at the latter place was marked by unusual ceremonial in the reception of the guards of honor.

His Majesty received them from the bridge of the royal yacht.

The King wore an Admiral's uniform.

TO DECLARE WAR ON COLOMBIA.

PORT OF SPAIN, Island of Trinidad, Sept. 26.—Advices received here from Caracas say Venezuela probably will declare war on Colombia September 28.

A financial crisis exists in Venezuela owing to the refusal of the Bank of Venezuela and the Bank of Commerce to comply with President Castro's demand that they subscribe to a forced loan.

LACK CONFIDENCE IN SHAMROCK.

LONDON, Sept. 26.—Neither the betting nor the comment of the newspapers respond to the optimistic views cabled here of the chances of the Shamrock II in the race for the America's Cup.

Sporting men vainly offered 6 to 4 on the Columbia after the receipt of the early morning cable dispatches from Sandy Hook giving the weather conditions, which are considered not too favorable to the Challenger.

Sir Thomas Lipton has the best wishes of the man-in-the-street, who has donned the green ribbon as a token of sympathy, but confidence in Sir Thomas' ability to win is conspicuously absent.

STORY OF THE BATTLE OF SANTIAGO IS BEING TOLD IN SECTIONS.

WITNESSES TELL OF INTERVIEWS WITH SCHLEY BEFORE THE ENEMY'S VESSELS WERE DISCOVERED IN THE HARBOR—STORY OF THE DISPATCHES.

WASHINGTON, Sept. 26.—The Schley Court of Inquiry began its session today with the intention of holding one sitting, having decided to forego the afternoon session in order to permit the members of the counsel and court to attend the funeral of Judge Wilson.

The counsel for the Navy Department today continued their efforts to show that Admiral Schley had information of Admiral Cervera and his fleet in the harbor of Santiago and introduced for this purpose additional officers of the auxiliary cruisers which were at the time doing duty as scout boats in West Indian waters.

TELLS OF FLYING SQUADRON.

Captain Wise, who commanded the scout ship Yale during the Spanish war, continued his narrative of the retrograde movement of the flying squadron toward Key West on May 27. He first told how the Yale had taken the Merrimac in tow under direction of Admiral Schley. He said that the Admiral had signalled on starting to ask if there was coal enough to carry him to Key West, to which he had responded in the affirmative. On the next day he had reported in response to an inquiry that he had coal sufficient for two days of full steaming and for four days of moderate steaming.

He was then dispatched to Newport News, reporting to Admiral Sampson on the way. He had told Admiral Sampson, he said, that the flying squadron was about thirty miles west of Santiago. In response to a question of the Admiral he had said he did not know what it was doing there. In detailing the trip westward toward Key West, the witness told of the breaking of the Yale's hawser on the Merrimac. He said this had caused delay.

CAUSED DELAY.

"What was the difficulty?" asked Captain Lemly.

"Improper securing of hawser on the Merrimac."

"Was it due to tempestuous weather or not?"

"Not at all."

Mr. Hanna read the following extract from Admiral Schley's report of February 18, to the Committee on Naval Affairs, in reference to the letter from the Secretary of the Navy of February 6, 1899, beginning: "After having been informed by the ships commanded by Sigsbee, Jewell and Wise that although they had all been off Santiago de Cuba for a week, they had seen nothing of it (the Spanish fleet) and knew nothing of its movements or its whereabouts, etc." he then asked Captain Wise if he had such conversation with the Admiral.

"I did not," was the response.

"Did you give Admiral Schley any information respecting the Spanish squadron?"

"Only through Captain Sigshee. I did not go on board Brooklyn at all. I gave Captain Sigsbee all the information I had."

"Had you been off Santiago for a week?"

"I was there from the morning of the 22nd until the evening of the 26th, when the flying squadron arrived."

COULD NOT SEE VERY FAR.

Captain Wise was cross-examined on this point by Mr. Rayner. He asked:

"From the morning of the 22d until the arrival of the flying squadron on the evening of the 26th you were trying to get in touch with the enemy and watching the harbor?"

"Yes."

"You saw nothing in there?"

"I could not see any harbor at all."

"You could see around the corner of Cay Smith?"

"We saw the masts of a small vessel. Could not distinguish what it was."

"You sent no one on shore to try to establish communication?"

"Not at all."

"Is not the natural condition of the harbor such that it is possible to see considerably up the harbor?"

"You can see only a short distance up the harbor."

"And there was nothing in sight whatever, was there?"

"Nothing at all."

The witness had said that Captain Sigsbee had taken the dispatch beginning: "Get in touch with the enemy."

The Court, through Admiral Dewey, asked:

"Was it your duty or Captain Sigsbee's to convey the information in the dispatch referred to Commodore Schley?"

CAPTAIN SIGSBEE'S DUTY.

"I think it was Captan Sigsbee's, as he went immediately on duty and I was intercepted by orders from the Commodore to take the Merrimac in tow."

Mr. Hanna—Did you receive any inquiry, or did the commanding officer of the flying squadron ask you for any information at any time?

"Nothing."

Mr. Rayner continued his questions, devoting himself especially to the signaling between the Yale and the flagship. The witness said he was sure that on May 26, when he hailed the Texas, he had not passed within hailing distance of the Brooklyn, being one and a half miles distant.

Mr. Rayner read from a report made on May 30 by Admiral Sampson in which he stated that Captain Wise had told him he believed Santiago harbor to be strongly fortified.

"Is that true?" Mr. Rayner asked.

"It is," was the reply.

Captan Wise said in reply to questions by Captain Parker that he would at any time when off Santiago have been able to signal any information he might have had in regard to the situation. He had seen the masts of a vessel and thought it to be a small military vessel. He had gone near enough to observe the land batteries.

THE LAND BATTERIES.

In reply to an inquiry from the Court the witness said that the land batteries did not fire on the Yale while that vessel was reconnoitering the harbor. He also said that even though he had been the senior officer off Santiago prior to the arrival of Captain Cotton, he had not commanded Captain Sigsbee to give to Commodore Schley the information which he (Wise) had given to him (Sigsbee.)

The questions by the Court and the replies to them were as follows:

"Did the batteries at or near Santiago fire on the Yale while she was reconnoitering?"

"Not at all."

"Who was the senior officer off Santiago prior to the arrival of the flying squadron ?"

"I was senior officer until Captain Cotton came on the 23d. He was there until the 24th and I was senior officer on the 25th and the squadron came there on the 26th."

"Did you not direct Captain Sigsbee to give to Commodore Schley the information that you had received from the Navy Department with regard to the whereabouts of Spanish squadron?"

"I did not."

TO TAKE A POT SHOT.

At this point Captain Wise was excused and Admiral Cotton was recalled to make verbal corrections in the testimony previously given by him.

Admiral Cotton was questioned concerning some points of the Santiago campaign. He said that on the morning of May 31, after arriving from Kingston, he had gone aboard the Brooklyn with dispatches for Admiral Schley.

Asked by Captain Lemly to relate his conversation with Admiral Schley on the occasion of that visit, he said:

"He informed me that it had been ascertained that some, at least, of the ships of Admiral Cervera's squadron were within the harbor of Santiago; that they had been seen and were in sight, and as a matter of fact one of them was in sight at the entrance to the harbor.

"In language, as nearly as I can remember, he said: 'After dinner I am going to hoist my flag on board the Massachusetts and take her and the Iowa and go

CHARGES MADE AGAINST OFFICER

Policeman Keefe Must Appear in Court Tomorrow and Explain

W. G. Gordon, a colored waiter, appeared in the Police Court this morning with a deep cut on his cheek. He was charged with violating the expectorating ordinance. He explained the wound on his face, by stating that Officer Keefe had clubbed him.

According to his story he was standing on the corner of Seventh and Washington streets when Keefe approached and warned him to desist from spitting on the sidewalk. He says he protested to the officer against being accused of something he was not guilty of and was arrested and clubbed for his pains. He requested Keefe, according to his story to treat him as an American citizen and not as a "nigger" and was struck a stunning blow across the face by the policeman's club, the blow cutting his cheek to the bone.

Judge Smith postponed the hearing of the case until tomorrow, pending an investigation of Keefe's conduct by Chief of Police Hodgkins.

Keefe in his own defense says Gordan was abusive and refractory and would not enter the cell. For this reason, Keefe says, he hit him with his club.

characterized him throughout the trial. He was brought to his feet quickly by the officers at 2:20. They shackled him and led him away to the jail, while the crowd surged after him and the officers had to force a passage for the assassin from the court room.

Though elation and satisfaction were written on every face in the court, there was no applause and no demonstration of any kind on the part of the spectators.

PAID PENALTY OF HIS CRIME.

GREENSBURG, Pa., Sept. 26.—Vassel Laiketch was hanged in the jail yard at 10:15 o'clock this morning in the presence of about 400 people. Death resulted from strangulation in eleven minutes.

In the ensuing fight Paymaster Hassler and one of the highwaymen were killed and another highwayman was seriously wounded. Burgess whipped up the horses and escaped with the money.

Later the three men were discovered hiding in a ravine and before they surrendered one of them, Vassel Nicholas, was killed. The two others, Mike Markovitch and Vassel Laiketch, were taken to jail and one day while waiting for trial, Markovitch hanged himself in his cell.

Laiketch was convicted and sentenced to be hanged on August 8, but was respited until today on the presentation that his father was hastening here from his native home in Montenegro for the purpose of taking farewell of his unhappy son.

OAKLAND WILL BE THE OWNER.

City Attorney Johnson Gives an Opinion in Regard to Delinquent Taxes.

There has been considerable discussion occasioned among the legal fraternity and others regarding the plan of City Treasurer Taylor of deeding to the city property which has become delinquent though the non-payment of taxes to the city. The following opinion of City Attorney Johnson gives the reasons why the city has the right to the property instead of the State:

"The city will acquire the property under the various revenue acts of the State of California. Section 3785 of the revenue acts as applied to the charter of this city, gives the city the precedence over the State in the matter of delinquent property. The charter empowers the city to proceed in identically the same way that the State law empowers counties to proceed. After the property is once deeded to the city, it has a clear title to the property and can dispose of it in any manner which it sees fit."

City Treasurer Taylor had the following to say concerning the scope of the proposed deeds:

"There are many pieces of property which are taxed whose owners are unknown. It is probable that a number of valuable pieces of property will come under the city's control. The value of the property which could have been deeded to the city on account of delinquent taxes approximates $1,400,000. Of course, this is a fanciful figure, but it is impressive. The city may be benefited from $20,000 to $50,000, providing the delinquents do not redeem their property between now and October 3, when the deeds to the various pieces of property will be placed on file.

"One direct benefit the treasury will derive from the efforts of this office to deed to the city all property which has become delinquent is the receipt of $10,300 from the Water Front Company. They are anxious and willing to pay the back taxes to prevent the city from getting a deed to their property. The only question they are trying to settle is that the water front land which was awarded to the State, at the time of the decision of the water front case, is taxed on the city's assessment rolls, and the officials of the Water Front Company want the State's title cleared up the same time as their own.

"Whatever difficulties are in the way will soon be smoothed out and the money paid in."

The following persons are delinquent to the city and their property will be deeded to the city by October 3 if the property is not redeemed:

Elizabeth H. Sidell, $9.50; Water Front Company, $10,350; P. M. White, $4.17; unknown owners, $4.17; unknown owners, $4.20; unknown owners, $4.17; unknown owners, $8.32; James M. Plentel, $4.20; unknown owners, $4.20; Charles Borchard, $7.12; J. S. Lammond, $8.09; Rachel Gannon, $5.83; Asa Fisk and A. A. Freeman, $44.22; E. de Subia Jr., $4.24; James Rafferty, $7.28; Thomas J. Walsh, $8.89; Samuel H. Wilson, $3.51; A. Livingston, $2.72; Morris M. Cleveland, $7.38; John Kearney, $8.13; Abbie B. Woodward, $24.26; Thos. Setford, $28.86; Bridget Smith, $8.20; Mrs. M. E. Durrant, $8.36; Bridget Stokes, $25.76; unknown owners, $789.50 (J. E. Crittenden); Lafayette Brook, $4.29; Owen Murray, $11.97; M. Crooks, $16.58; Bridget Stokes, $42.68; John Prichard, $15.07; estate of P. S. Wilcox, $28.86; Jane Soper, $5.10; H. N. Sakoot, $4.32; Mrs. R. A. Donovan, $2.80; Elizabeth H. Sidell, $13.31; J. Kennedy, $5.88; D. F. Borroughs and Daniel Keefe, $6.45; C. A. Hall, $11.97; Savings and Loan Society, $16.26.

The total is about $1,400 in taxes and about $1,450,000 in property value.

in and have a pot shot at those fellows.'"

Mr. Lemly—Anything further?

ON THE TEXAS.

"There was, of course, some further conversation. I cannot recall the words nor, aside from what I have mentioned, the particular subjects."

William C. Gray, who was chief machinist of the Texas during the battle off Santiago on July 3, testified that on that date he had been on duty at the throttle of the starboard engine of the battleship. He said that when he went to the engine room the vessel was going ahead.

"The next signal," he said, "was to stop a minute, afterward to reverse. The engines were then reversed."

The witness said that the reversal was very brief, the revolutions not exceeding 100 and the time being short. He had, he said, heard afterward that the reversal was because they were passing the Brooklyn.

Lieutenant Spencer S. Wood, who commanded the dispatch boat Dupont during the Spanish War, was the next witness.

SCHLEY AND SAMPSON.

Lieutenant Wood related the particulars of his mission as a dispatch carrier from Admiral Sampson, lying at Key West, to Admiral Schley, who was off Cienfuegos.

"He had left Key West on May 20th carrying dispatches of which the Iowa carried duplicates, and had reached Cienfuegos several hours in advance of the Iowa.

"On my arrival," the witness said, "I went aboard and personally delivered the dispatches, which I carried from Admiral Sampson to Commodore Schley, in his cabin, at 9 o'clock. He asked me about Admiral Sampson's idea about where the Spanish squadron was. I told him I did not know; he asked me of Admiral Sampson's intentions. I told him I did not know them. He told me he thought the Spanish Squadron was there. The conversation was on the line to endeavor to find out from me what Admiral Sampson's plans were. I could give him no information."

"How long were you on board the flagship?"

"Until just before luncheon."

"Have you anything further to state with respect to this interview which will bear on the subject of this inquiry?"

"The Commodore hesitated some about giving me coal. He did not think he could spare coal at first. I said it was absolutely necessary; that we were almost out of coal, having made the run from Key West. He said: 'Very well, go below and I will think it over.'

"I went below to the ward room and was afterwards called up and informed that they would give me coal. I had never before met the Admiral. He impressed me as being very nervous. He would get up and walk around, come back and sit down and a number of questions he asked me about Admiral Sampson's intentions I was unable to answer."

"If I understand you clearly, you had no knowledge of the contents of the dispatches which you delivered?"

TELLING ABOUT DISPATCHES.

"Admiral Sampson did not tell me what was in them. He simply told me those were duplicate dispatches he was sending by the Iowa."

"Those duplicates, he said, he gave to me because he thought the Dupont could make better speed. I left after the Iowa, passed her off Cape San Antonio and arrived in Cienfuegos some three or four hours before she did. I left Key West at 11:30 a. m. on the 20th."

"During this interview in which you made some statements with respect to the Admiral's manner, had he read the dispatches? Did he read them in your presence?"

"Oh, yes."

"Did he advise you of their contents then?"

"He did not tell me positively what they were. I gathered while I was aboard the flagship what they contained, but whether it was while I was in the cabin or later in the ward room, I do not know. I never saw their contents and Admiral Sampson never told me what they were."

"I wish to ascertain exactly the particulars of this interview."

"All the dispatches seemed to be of an important character, judging from the Admiral's manner upon receiving them. As I stated, he was very nervous."

Asked by Mr. Rayner if Admiral Sampson or anyone else had informed him before he left Key West for Cienfuegos that a code of signals had been agreed upon between the American forces and the Cuban insurgents, Lieutenant Wood replied in the negative. He had not, he said, received such information officially, but he added that it was current talk at Key West that the Marblehead on a previous trip had established communication with the Cubans. If, however, a code had been arranged, he did not know of the fact. Before Lieutenant Wood had concluded his testimony the Court at 12:45 adjourned for the day to permit attendance at Judge Wilson's funeral.

Oakland Lodge No. 12, I. O. L., gave an entertainment, dance and card party, Monday evening, September 23, at Elks' hall. It was one of the most successful socials ever given by the organization. There was a large attendance and the last car came all too soon for many. The various committees did good work and were as follows: Chairman of the evening, W. J. Schaner; reception committee, R. L. Marquardt, Miss M. E. Burdick and Miss J. English; floor manager, Mr. Whittaker, assisted by Allen Mourey and Mr. Howard; refreshment committee, J. T. English, Miss Maude Stutt, Mrs. E. V. Schaner, Mrs. Cox, Mrs. Dowell, Mrs. Marquardt and Mrs. Savage; committee for card room, Wm. E. Gardiner, assisted by Mr. Cox.

The program was as follows: Overture, piano, violin and cornet; vocal solo, "Asleep in the Deep," Ella Rademan; recitation, Miss Hannifan; violin and piano duet, Miss Mary English M. E. Burdick; comic vocal sketch, Master Chas. and May Hughes; recitation, Edna Schaner; laughing song, Master Hughes; French dance, Miss Pope; good of the order, State Deputy W. J. Schaner; vocal solo, "Would You?" Ella Rademan; "Tyrolean Song" Hazel Van Halton.

Each number was thought worthy of an encore and was responded to by a different selection so that it afforded a delightful variety.

Progressive whist followed in one room, with dancing in the larger hall, after which refreshments were served.

ORDER OF PENDO.

Oakland Council, Order of Pendo, No. 254, initiated two candidates at the last meeting, Wednesday evening, September 18.

The lodge adopted resolutions and then adjourned out of respect to the memory of President McKinley.

Many visitors were present, but no entertainment was offered. After serving refreshments that had been prepared by Deputy E. M. Hanaran, Sisters Gardiner, English, Beebe and Simpson, all departed for their homes.

ODD FELLOWS.

At the regular session of Harbor Lodge No. 253, I. O. O. F., last evening, the relief committee reported the return to work of the two brothers that had been sick; also that two brothers had been discharged from the hospital. The site committee and entertainment committee reported progress.

KNIGHTS OF THE MACCABEES.

At the review of Oakland Tent, No. 17, K. of T. M., held last Monday night, three applications for membership were received, making a total of ten for the last two meetings.

The Tent has started its fall campaign and expects to have 600 members before it ceases activity.

Committees are now out for the following social events:

Monday evening, October 7—Entertainment for members only.

Monday evening, October 14—Doors open to Oakland Hive, No. 14, L. O. T. M.

Wednesday evening, November 20—Seventh annual ball of Oakland Tent and Oakland Hive, at Reed's Hall, Thirteenth and Harrison streets.

At the review, next Monday evening, short addresses will be made by Finance Keeper R. S. Keefer on "Fraternal Economy"; E. F. Garrison, "A Member's Duty to His Order"; A. L. Wolfe, "A Conscientious Worker"; W. H. Smith, "Deer Hunting in Mendocino County."

These Sir Knights are forcible speakers and are no doubt well posted on their subjects. This meeting will be of interest to members in general.

OAKLAND TENT.

The members of Oakland Tent, No. 17 and Argonaut Tent No. 33 K. O. T. M., turned out in large numbers last Thursday at the funeral in honor of President McKinley. State Commander I. W. Hall and nearly all the officers of both tents marched in the procession.

The death proofs of Sir Knight W. J. Powell who was a member of Argonaut Tent and held a policy for $1,000 have been made and forwarded to Port Huron, Michigan for adjustment.

Argonaut baseball team under the able leadership of Captain Bert McBain expects to play against the team of Antioch Tent on October 6th.

The Degree Team of Argonaut Tent goes to Antioch on the 5th and to Redwood City on October 12th to initiate a class of candidates at each place.

Sir Knight John Gelder takes great pleasure in drilling the Team and thinks they are second to none in the State.

Tuesday evening, four candidates were initiated in Argonaut Tent.

Next Tuesday evening, the postponed social and entertainment will be given to which all members of the Tent and their lady friends are cordially invited. The entertainment is to commence at 8:30 p. m.

UNITED WORKMEN.

Oak Leaf Lodge, No. 35, A. O. U. W., had a large attendance at its meeting Monday evening.

Past Master Workman Preston read a very interesting article upon an economic question which resulted in bringing Past Master Workmen McDonald and Gibson to their feet in refutation of some of the statements made by Brother Preston.

Master Workman Andrews spoke in somewhat of a pessimistic manner of the future of the financial world, which caused a shiver to run down the backs of several of the millionaire brothers, among whom was Brother Morris Isaacs of Oak Leaf Lodge.

Past Master Workman John Harris of California Lodge, Philbrok of Fremont, Sam Adams of Temple and Gilmore and Fennon of Pacific Lodge made interesting remarks.

Past Master Workman McDonald spoke highly of the fine showing made by the A. O. U. W. in the parade in honor of the late President McKinley. He also highly complimented Brothers Gilmore and Manning for their management of the affair.

Past Master Workman Gibson also complimented the order for the fine showing made on such short notice.

The recorder, Brother Hall, read a communication from the Grand Lodge stating that in a few weeks the members of the Supreme Lodge would pay California a visit and make Oakland the first stopping place.

A committee was appointed to meet with a general committee on Friday evening, October 4, at A. O. U. W. Hall, to make preparations to receive the august body.

After lodge adjourned the extension committee met.

DIRIGO LODGE.

The last meeting of Dirigo Lodge No. 224, K. of P., had a large attendance of members, as also of visitors from other lodges.

Charles J. Heeseman was initiated into the page rank.

The following were raised from the page to the esquire rank: C. C. Jeffries, H. A. Ongerth, Frank Shipley, W. J. Sayre and Wm. Eassert.

Dirigo quartet is becoming quite proficient and will be a feature of the social life of the lodge.

The younger element of the lodge has established a baseball team and is ready to meet local nines composed of amateurs.

At the next meeting the knight rank in the long form will be conferred in a most impressive manner.

PACIFIC LODGE.

The regular weekly meeting of Pacific Lodge No. 7 takes place this evening at 1169 Broadway. The annual dinner of the drill team, which was postponed on account of the death of President McKinley, will take place on Saturday evening, October 5th.

F. R. Girard, whose sudden death surprised his friends, was a member of Pacific Lodge for fourteen years.

Preparations are being made to hold memorial services in memory of the late Lawrence Nolan of California Lodge No. 1, who died on the 14th instant.

The Oriental Degree will be conferred at the hall of Fremont Lodge, Twenty-eighth and San Pablo avenue, this evening by Dr. French and his degree team.

There were 400 members of the A. O. U. W. in line in last Thursday's parade. The fraternal orders that took part turned out strong, and when it is considered that there were but two days to make arrangements and notify members the showing is remarkable.

WOMEN OF WOODCRAFT.

Oakland Circle No. 266, W. of W., has received a great many applications for membership during the past month and on Saturday evening, September 28th, the Circle expects to initiate a large class into the mysteries of the wood.

The neighbors are preparing to give an entertainment of unusual attraction in October.

The team from the Circle under the command of Captain Baldwin will exemplify the floor work at Encinal Circle Friday evening. The team is to be complimented for its excellent work.

Visiting nieghbors are cordially invited to attend the Circle meetings every Saturday evening at Woodmen Hall, Twelfth street.

YOUNG LADIES' INSTITUTE.

Out of respect to the memory of the late President McKinley, Young Ladies' Institute No. 24 did not hold a meeting on Thursday evening.

Institute No. 15 will hold a regular meeting Thursday evening, at which many new members are to be initiated.

TRIBE OF BEN-HUR.

An interesting meeting was held last Monday evening by Oakland Court No. 6, T. B. H.

Dr. Joseph Montoux, who recently returned from a visit to his native State of Indiana, gave an interesting account of his trip and of the flourishing state of the order in the cities and towns which he visited.

The entertainment to be given by Oakland Court in Chapman's Hall, Monday evening, Oct. 7th, promises to be a complete success, at which all members and friends of the order are invited to be present.

GYPSY ENCAMPMENT.

Tomorrow evening there will be a Gypsy encampment in Elite Hall, in which a number of the bright little pupils of Miss Hilma Buttlar will appear. It will begin at 8 o'clock.

A. O. H. IN A.

There is probably nothing in connection with the workings of the A. O. H. that is calculated to interest the members to such a degree as the coming initiations under the new ritual of the order. An efficient degree team, composed of members selected from each division has been for some time past perfecting themselves in their several parts, and it goes without saying that each will perform the one allotted to him in a manner that will leave nothing to be desired.

The "National Hibernian," the official organ of the A. O. H. in A., is bringing the order before the public in a manner that reflects credit on its management, and it confers a benefit on the organization at large, from which good results are sure to follow.

MASONIC.

The third degree will be conferred in the hall of Live Oak Lodge, No. 61, F. and A. M., tomorrow night at 7:30 o'clock.

EARL ARGUES FOR THE AUDITOR,

Judge Ellsworth Asks the Attorney Some Pointed Questions in Water Case.

At the close of the hearing in the mandamus case of the Contra Costa Water Company against Auditor Breed, yesterday afternoon, Judge Ellsworth continued the case till next Monday morning.

Mr. Earl, counsel for the Auditor, declared that the Water Company in charging alleged unequal and discriminating rates had acted illegally and could not collect the same.

Judge Ellsworth asked, if the contention of Mr. Earl was correct, it would be possible for the Water Company to ever collect any money for any water for all time which it might furnish the city.

Mr. Earl said that if the Water Company had neglected to do what was required of it, it would have to stand the consequences. Under the extreme construction of the charter, he did not think that the Water Company could collect any money for any water which it might furnish to people in this city. If the Water Company was not satisfied with such a condition of things, it could go elsewhere. The water was intended for all the people of the State and the company could sell its water in San Francisco or any other place and leave its pipes down or give them to whomsoever it pleased.

Mr. Knight said that that would be a forfeiture, and the law provided as to how forfeitures were to be made.

Water rates, said Earl, under the law had to be uniform, equal and undiscriminating. Otherwise they would merit the penalty imposed by the law, and, counsel held, the court would not lend itself to a violation of the law by the Water Company. If the Water Company furnished water at a lower rate to the city than it did to the people, and the court recognized that the Water Company could do that, then the court was allowing the infringement of a statute which inflicted a heavy penalty for its violation.

Continuing, Mr. Earl claimed that the Contra Costa Water Company had forfeited its franchise and plant to the City of Oakland because of the discriminating rates which it had charged. In the absence of the fixing of a rate by the municipality, counsel denied the right to the Water Company to fix rates for itself.

Judge Ellsworth asked, if that were the case, what would be the result where one water company was supplying water to several cities. What would Alameda do, which was being supplies with water by the Contra Costa Company?

Mr. Earl said that what belonged to the company in this city would be forfeited.

The court said that Alameda and other cities got their supply from the main pipe of the company and from the lake. The lake was a part of the plant. Could Oakland claim "the plant" to the exclusion of all the other towns connected with that plant?

Mr. Earl thought that all the property of the company inside the city limits would be forfeited under the reading of the law.

Mr. Nusbaumer showed that in the law referring to water franchises there was no reference made to a "city," which is the characterization of Oakland.

Earl said that rates had first to be fixed before water could be supplied.

Judge Ellsworth asked what would be done in the event that water rates had not been fixed at the time required by law, could the Council charge for water for which no rates had been established at the proper time? Mr. Earle said that it could not.

The court asked whether, if the Water Company supplied water when no rates were fixed, it could collect for the same.

Mr. Earl said that it could not.

Then the court said that one of two cases would result, namely, that the Water Company would have a right to shut off the water supply, or else it would have to supply the water for nothing.

Earl referred to laws which provided for a summary impeachment of officials who should fail to establish water rates at the proper time.

Wives:

Let me tell you a secret, for I speak from experience. When meals are behind time and are badly cooked; when the house is full of smoke and everything covered with dust—it is all the fault of the old coal-stove—you need a good gas stove. Tell your husband this. It will take about three months to get it into his head—I was four—and if he does not appreciate facts just call his attention to the difference in cost. In any event you should be well fixed by Thanksgiving.

GARBAGE BRIQUETTES.

While attention is being so publicly turned to the briquettes that are passing through Oakland from the Tesla mines, it is interesting to note that a fuel novelty in that line has just appeared in Europe. The information regarding it comes from United States Consul Warner of Leipzig who, as an introductory, says that one problem which municipal authorities of all countries have been seeking to solve is how to best dispose of the city's garbage. Then he continues in the following interesting strain:

A process has been discovered in France by which garbage is converted into briquettes. It consists of mincing the refuse from abattoirs, fish markets, etc., straw, paper and the like, and adding tar and naphthalene. The whole mass is then mixed in a kneading apparatus, dried and pressed into briquettes. Concerning them the director of the Paris Municipal Laboratory says: These briquettes have a slight odor of gas, burn brightly and engender heat slowly. With a more perfected method of manufacture, they will engender less ash and the heat-producing qualities will be about the same as common coal. They will also possess the advantage of burning slowly and developing no smoke.

This is indeed an important discovery, if investigation bears out all that is claimed, for it will be killing two birds with one stone if a city can succeed in selling its garbage for a profit and at the same time place a convenient form of fuel upon the market. It must be admitted though that upon its face—the plan scarcely seems feasible, for one can hardly relish the idea of having the filth and disease-breeding articles that go into garbage wagons brought back into the household in the form of fuel bricks that must presumably release poisonous and malodorous odors while being consumed. However, probably the briquettes are subjected to some chemical treatment that allays all such evils, so it is not fair to condemn the discovery in any way until it has been thoroughly exploited. Should it be all that is claimed for it, it will be one of the greatest boons municipalities can ever obtain, so on that score it is entitled to full consideration and the test of thorough investigation.

Santa Rosa is enjoying a street fair that is reflecting much credit upon the resources and enterprise of that section, while many have doubts as to good results being achieved by these exhibitions, there is no doubt that if properly handled and confined to the lines upon which they were originally planned, they confer many benefits upon a community in the forms of advertising and the developing of local markets. They evidence energy and enterprise anyhow, and they alone constitute the best of drawing cards.

A Minnesota man this week left a will directing that all his money, amounting to about $45,000, be burned after his death. He evidently figured on the nearest thing he could do towards taking his money with him.

Chinese are said to be pouring into the country by the transit route. Oriental students are evidently thoroughly justified in referring to them as the coming race, for nothing that we can do seems able to stop them.

THE REPUBLICAN PARTY.

The Republican party across the bay is proving that it is not afraid to handle the great political bugaboo—the strike. Since the inception of the present municipal campaign the labor disturbance has been recognized as the rock upon which the most prospectively successful might strike and founder, and it has been freely said that the Republicans would dodge the issue altogether. This, however, is not to be so. In a manly, straightforward way the proposition has been taken up in a plank offered for the platform, and there is little doubt that it or something like it will be adopted. Here is what is said upon the subject:

"The right of labor as well as of capital to become organized is not denied. The privilege of workingmen to decline to contract their labor or give their service except upon terms of their own acceptance is a legal right. But the right of the employer to employ whenever he chooses and the right of every man to contract his service upon any terms he sees proper and to be absolutely protected against any and all violence or attempted violence are also absolute legal rights."

This is in line with what THE TRIBUNE has advocated from the first. We have never, as has been claimed by some of our contemporaries, taken the attitude that the strikers are right and the employers are wrong, but we have always insisted that labor has equal privileges with capital and is entitled to as full recognition. Despite all said by those interested in the employers' end of the controversy to the effect that they do not deny the right of labor to organize, it is well known that the sole object of the Employers' Association at the present time is to squelch the labor unions so that they cannot be troublesome in the future. This is the point upon which we have always stood in favor of the strikers and as an answer to the subterfuges advanced by the other end, let it be asked if the Employers' Association has not persistently and continuously refused to treat with the strikers through their union representatives, thus creating the issue that unionism will not be officially recognized. It is against this attack upon the right of labor to organize that THE TRIBUNE has always voiced itself, and we are pleased to see that the Republican party has joined us in its declaration as to the privileges of workingmen. If the Employers' Association would treat with the strikers through their union representatives, the present disturbances could soon be settled, but as long as they refuse to recognize the labor organizations the wage-earners are certainly justified in continuing the lockout.

John W. Gates is making trouble for a number of the big Eastern railroads and they are preparing to retaliate. It looks like being a case of "gates ajar" for someone very soon, if all the threats in evidence are fulfilled.

RECEPTION GIVEN TO REV. J. H. VOSBURGH.

The members of the First Baptist Church tendered a reception last night to their new pastor, Rev. Mr. Vosburgh. The church parlors were tastefully decorated and were crowded with guests. Music was enjoyed during the evening, especially the solos by Miss Beulah George. Addresses of welcome were given by Rev. E. M. Hill of the Tenth Avenue Baptist Church, Dr. Dille of the First Methodist Church, Rev. E. A. Woods of the First Baptist Church of San Francisco, Rev. I. G. Hoyt and John H. Stevens. Dr. Vosburgh's response ended the program, after which a general social evening was enjoyed and light refreshments were served.

The young people of the church are planning a social for next Friday evening.

STUDENTS WRECK THE PRINCIPAL'S OFFICE.

Last Thursday night unknown parties broke into the office of Principal P. M. Fisher of the Polytechnic High school and did considerable damage. Everything was turned topsy-turvy, window shades were cut to pieces and ink thrown all over the furniture and walls. As soon as Principal Fisher learned what had been done he reported to the police. Detective Shorey is now working on the case.

COMPANY I WILL SHOOT SATURDAY.

Annual Target Practice Will Be Inspected by Adjutant Dwight Strong.

Next Saturday the annual target shoot for State medals of Company I, Fifth Regiment of Infantry, N. G. C., of Livermore, will take place in that city. It will be conducted under the direction of Dwight Strong, custodian of the Central Public Free Reading Room of this city, who is a lieutenant on the staff of Colonel Whitton, commander of the regiment, and who performs the duty of Adjutant. Lieutenant Strong was ordered to Livermore this morning for the purpose specified.

At this shooting, the percentage made in the scores will determine whether the men are to receive bronze or silver medals, or be denominated as marksmen.

Similar regimental shooting in other companies of the command takes place on Sunday. Saturday, however, has been set aside for the purpose by I Company because of the engagement on Sunday of the company commander, Capt. Carl Warner, who is a minister of the gospel and in charge of one of the churches of Livermore.

Judge Ellsworth this morning overruled a demurrer to the complaint of the Sunshine Water Heater Company against W. H. Weilbye.

The suit is brought to recover $6,500 damages, alleged to have been incurred by the plaintiff on account of the defendant's failure to carry out an agreement to purchase the rights of a heater owned by plaintiff.

MRS. ISAAC B. URY FAILED TO APPEAR.

A default was entered this morning against the defendant in the divorce suit of Isaac B. Ury against Mary Agnes Ury, and the case was referred to the Court Commissioner for the taking of testimony.

PERSONAL AND SOCIAL NOTES.

Reception to Rev. Bailey—Crystal Club Gives a Dance at North Oakland.

The members of the Fourth Congregational Church, on Thirty-fourth street, tendered their pastor, the Rev. Alfred Bayley, a reception on Tuesday evening of this week, in honor of his return from an extended European trip. Speeches were made by Mr. Irving and James Mitchell, and an interesting address by Mr. Bayley. Miss Laura V. Brunson and Miss Laura Jones sang some duetts in a very charming manner, and Mr. Trowe gave a vocal solo. Light refreshments were served.

The Crystal Social Club of '99 gave its first hop of this season at Golden West Hall, on Saturday evening, the 21st inst. The smart set of North Oakland was well represented, and a very enjoyable evening spent.

Those present were Mr. and Mrs. V. Smith, Mr. and Mrs. F. T. Jones, Mr. and Mrs. Otto Schulettes, Mr. and Mrs. F. M. Dewar, Misses Laura Jones, Ollie Jones, Laura V. Brunson, Annie Perry, Annie Kenny, Tillie Scheller, Annie Coughlin, Gussie Rouse, Luna Ely, Cora Reichaert, Carrie Gay, Josephine Gay; Messrs. Louie Murphy, William Kenny, A. Perry, G. Smith, W. Paulsen, O. Paulsen, A. Paulsen, E. Wixon, H. Burns, W. Cohick, C. Bates, J. Roberts, A. Gay, H. Jones, Steve Jones, F. Jones, F. Schulettes, W. Scheller, J. Walsh, H. Gladson and G. Ramus.

Miss Grace Carroll, the young contralto who is to be heard on Tuesday evening, October 1 at the Unitarian Church, has just returned from a most successful sojourn of two years in New York. While in that city Miss Carroll was contralto soloist at the Church of Ignatius Loyala and was engaged in a similar capacity in the Temple Beth Israel, Lexington avenue. The contralto part in Mme. Lehmann's "In a Persian Garden" gives Miss Carroll ample scope to show the power and beauty of her voice and dramatic intuition.

The veterans of the Spanish war are to be entertained on Friday evening at the Plymouth Avenue Congregational Church by Rev. Mr. Wood, the pastor, who, during the war, served as chaplain in the Twenty-third Infantry. On October 3d the veterans will hold a smoker which had been postponed on account of the death of President McKinley.

The dance given by the Alumni Association of the Polytechnic High School was a very pleasant affair. Many people were present, but the hall was not uncomfortably crowded.

Mrs. Mason W. Mather, who has been spending the summer in San Francisco, is now visiting her parents in Oakland at her former home, 528 Eleventh street.

Mrs. F. L. Hyde of 323 Durant street, has left here for a three months' trip in the East. She will visit the Buffalo Exposition, the White mountains and Old Point Comfort.

The Waikiki Club, formerly the Young Men's Saving and Educational Society of Oakland, will give a dance tonight at Pythian Hall. The affair, which is strictly invitational, is for the purpose of raising funds to increase the library of the club.

SILVER TROPHY FOR OAKLAND GOLFERS.

Adams Point golfers will have an additional incentive to put forth their best efforts on the links this season, as Captain Edwin Goodall has offered a handsome silver trophy to be competed for by the followers of the royal and ancient game. Only members of the Oakland Club will be ligible to play for the challenge pitcher, which must be won twice to become the property of a player. The conditions of the gift are that it must be played for at least semi-annually in handicap tournaments over thirty-six holes, medal play. No handicap shall exceed eighteen strokes, and this detail will be attended to by a governing committee that Orestes Pierce will appoint shortly. Should it eventually happen that four players get their names on the cup, the lucky four must then play off among themselves who takes it for keeps.

A question that is interesting all of the fair club members is as to whether they are eligible to enter the lists or not, and this point will also be decided by the governing committee. In the deed of gift the donor simply stated that the trophy was for the club members, which leads the ladies to believe that they may try for the prize if they feel so inclined. No date has been set for the first tournament, but it will probably take place some time this fall.

INCORRIGIBLE YOUTH IS GUILTY OF THEFT.

Albert McBride, aged 17 years, was arrested yesterday by Detectives Holland and Shorey for stealing iron from Bernard McManus who owns a sloop on the estuary. He was found guilty this morning in the Police Court. Sentence was reserved until October 1st.

In the meantime Prosecuting Attorney Leach will make application to the District Attorney to have the boy sent to the Reform School at Whittier.

The father of the boy called to see Judge Smith after the trial, and asked that his son be given one more chance before sending him to the Reform School.

Judge Smith said the boy was an incorrigible over whom neither the police authorities or parents had any influence, and for that reason would deny the father's request.

He Loves Me—?

The dainty flower oracle may tell her true or false, but some day the prince will come and she'll dream the dear dream of home life and motherhood. In that dream she will see herself always happy, always with a smile for the husband and a kiss for the baby. What a pity to wake from such a dream,—to almost loathe her husband and hate her child, because cruel pain has blighted her body and warped her mind. How many a woman has had this sad awakening from her dreams of home and love! There's help and healing for every woman who suffers from womanly diseases, caused by girlish ignorance, wifely neglect or the strain of maternity. Doctor Pierce's Favorite Prescription makes weak women strong and sick women well. It heals diseases of the delicate organs, practically does away with the pains of maternity and gives the nursing mother vigor and vitality.

"Two years ago," writes Mrs. Kattie Auliker, of 754 Pat Street, Alliance, Ohio, "I used two bottles of 'Favorite Prescription' and in April a nice baby was born, before the doctor came. I was not very sick. Baby is now fourteen months old and weighs 30 pounds. Before commencing Dr. Pierce's Favorite Prescription I had to vomit every day but after I got the medicine, from the first spoonful that I took, I stopped vomiting. It is a God-send for women."

When a laxative is needed, use Dr. Pierce's Pleasant Pellets with "Favorite Prescription."

SHAFFER AND HIS CHARGES.

Strike Leader Says That He is Ready for an Open Investigation.

PITTSBURG, Pa., Sept. 26.—When President Shaffer of the Amalgamated Association of Iron and Steel Workers was shown the open letter issued last night by President Samuel Gompers of the American Federation of Labor, and John Mitchell, President of the United Mine Workers of America, in reply to his statement charging them with the responsibility for the failure of the great steel strike, he said he would accept their challenge and was ready to submit to an investigation as to the truth of his charges.

"I have no objections," said he, "to the men named by Mr. Gompers, but as he always looks to arbitration, that is what I will agree to. I desire to go to the root of this matter and will select as my man Simon Burns, President of the Knights of Labor and the National Window Glass Workers' Association. Mr. Burns can choose a second man and Gompers and Mitchell the third party.

"The meeting should take place in Pittsburg. Gompers and Mitchell gave us three hours to accept the proposition of the United States Steel Corporation and in demanding an acceptance to their terms, they now limit me to three days."

CAPTAIN PETERSON CAN USE HIS FISTS.

Because Captain of Police Peterson interrupted some boisterous conversation between four young men, standing on the corner of Thirteenth and Broadway streets last night, he was set upon, and had not his fistic skill come to his resene he would have been badly beaten. With nothing but his fists, he put the four young men to flight and succeeded in capturing one of them. The other three escaped in the darkness.

F. T. Carroll, the young man who was arrested, pleaded guilty to disturbing the peace in the Police Court this morning, but supplimented his pleading by saying that he was not mixed up in the trouble which is alleged to have arisen over two women. Carroll said that he was a disinterested party, at first, but became involved and was arrested. He will come up for sentence later.

CAPT. BENNETT IS TO RETIRE.

Lieutenant Covalt May Take His Place at Head of Company F, N. G. C.

There is to be an election held soon in Company F, National Guard of California of this city, to fill the position of First Lieutenant, now held by Lieutenant Covalt, whose term is soon to expire. It is understood that Covalt can be his own successor.

The term of Captain of the same company will also expire soon, but not until after the election of Lieutenant will have taken place.

The office is now held by Captain Bennett, who was elected to the position when Captain Wenk resigned. Captain Bennett, it is understood, is tired of the office and will not be a candidate for reelection.

By way of anticipating the retirement of Captain Bennett, friends of Lieutenant Covalt say they would be willing to send him up a notch higher, because of his long connection with the command, as also because of his earnest work to make the company a success.

ANSWER FILED BY P. E. BOWLES.

He Denies That Watkinson Was Defrauded in Sale of Oil Stock.

The answer of P. E. Bowles in the suit of J. H. T. Watkinson was filed this morning with the County Clerk. A general denial of the charges preferred by Watkinson is entered, and the defendant alleges that Watkinson was not sick at the time of the sale of the disputed oil stock; also that the stock was not worth more than $14,000.

In the complaint it is alleged that Bowles misrepresented facts to the plaintiff while the latter was sick with regard to the value of certain oil stock and purchased stock worth $34,000 for $14,000.

On the other hand, the answer sets forth that the plaintiff had been for some time attending to important business connected with the affairs of the Contra Costa Water Company at the time the sale of the oil stock was made and was fully competent to judge of the value of the stock in question.

It is further alleged that Watkinson, by his shrewdness, obtained $2,000 more for the stock than he originally asked for it.

It is denied that Wm. J. Dingee, M. J. Laymance and the defendant transacted any business for the California Standard Oil Company, other than such matters as devolved upon them in their capacity as directors in the company, or that any of their acts were done out of regular meetings of the board.

It is further denied that the plaintiff ever told Bowles that his advice was considered by the plaintiff as conclusive, or that Watkinson stated that Bowles' knowledge of the affairs of the oil company was acted upon by him (Watkinson) without question.

Bowles admits that the lease of water from Miller and Lux was taken in the names of the invidiuals constituting the Board of Directors of the California Standard Oil Company, but states that the reason for this was the refusal of Miller and Lux to deal with the oil company as lessees of the water right.

"For this reason," says the complaint, "it was arranged that said lease should be taken in the name of said individuals, and that the business thereof should be managed by said defendant, Bowles, and to him, said Miller and Lux looked for the management of the affairs of said water."

Continuing, the answer denies that Fred W. McNear knew anything whatever regarding the trusts alleged in the complaint.

A positive denial is made of the allegation that Bowles called upon Watkinson and informed him that Dingee had sold his interest in the company.

"This defendant denies," reads the answer, "that he conversed with the said plaintiff in connection with the sale of the interest of said William J. Dingee or regarding his interest to withdraw from said oil corporations last named, and denies that said defendant, McNear, had any conversation whatever with said Watkinson regarding the matters or things set out in said complaint."

With regard to the consummation of the sale the language of the answer is as follows:

"That Watkinson sought out said defendant, Bowles, and came to his place of business in the city of Oakland and told him, the defendant, that he, Watkinson, was determined to sell all his interests in said oil properties in which he had been interested with said Dingee; that he knew nothing about the oil business; that there was talk of litigation in connection with the business and he had had all the litigation he wanted for the rest of his life; and that he preferred to give said Dingee and Bowles the preference because they had always treated the said Watkinson 'white.'

"That Bowles urged Watkinson not to sell, and offered to aid him financially if necessary. That said Watkinson insisted upon making said sale and did not waver in his determination."

The answer goes on to recite that Watkinson finally accepted $14,000, and realized by his shrewdness a profit of over 20 per cent upon his original investment.

A demurrer was filed this morning together with the answer, in which the usual legal grounds are recited as a reason for the dismissal of the case.

LIKE OPIUM EATERS

Coffee Drinkers Become Slaves.

"The experience, suffering, and slavery of some coffee drinkers would be almost as interesting as the famous "Confessions of an Opium Eater," says a Boston man, W. J. Tuson, 131 W. Newton St. "For twenty years I used coffee at the breakfast table and, incidentally, through the day, I craved it as a whiskey drinker longs for his morning bracer. I knew perfectly well that it was slowly killing me, but I could not relinquish it.

"The effect on the nervous system was finally alarming and my general health greatly impaired. I had dyspepsia, serious heart difficulty, and insomnia. When I would lie down, I would almost suffocate. My doctor assured me it was due to the action of caffeine (which is the active principle of coffee) on the heart.

"I persisted in its use, however, and suffered along just as drunkards do. One day when I was feeling unusually depressed, a friend whom I met, looked me over and said: 'Now, look here, old man, I believe I know exactly what's the matter with you. You are a coffee fiend and it's killing you. I want to tell you my experience. I drank coffee and it ruined my nerves, affected my heart, and made me a sallow, bilious old man, but through a friend who had been similarly afflicted, I found a blessed relief and want to tell you about it. Try Postum Food Coffee, a grateful, delicious beverage, full of nourishment, that will satisfy your taste for coffee and feed your nervous system back into health, rather than tear it down as coffee has been doing.'

"I took my friend's advice, and within a week from that time my digestion seemed perfect, I slept a sweet, refreshing sleep all night, and my heart quit its quivering and jumping. I have been steadily gaining in health and vitality right along."

NO MANAGER FOR MACDONOUGH

Negotiations Are Pending, However, to Reopen the Popular Theater.

No lessee has yet been obtained for the Macdonough Theater although it is understood that a number of managers have been "negotiating" with the agent for the place.

One of these managers seeks to establish a circuit of theaters in the northern part of the State in which he would like to include the home structure.

It is also understood that Gottlab & Marks of San Francisco the former lessees of the place, have stated that they would like to control it again. It is said that, before relinquishing their lease several months ago, they had booked a number of Eastern attractions for this city, the engagements of which must now be canceled because the shows cannot be housed here.

General regret is expressed that so fine a play town as Oakland should be practically beyond the reach of the great Eastern combinations when it has a beautiful theater lying idle and, more especially, when smaller towns like San Jose, Stockton, Sacramento and other places have their theaters occupied whenever an attraction goes their way.

The two commercial boards of this city, the Merchants' Exchange and the Board of Trade are worked up over the situation. They are disposed to ascertain whether or not the theater is untenanted because of caprice on the part of the management of the Macdonough Estate.

They claim they are justified in looking into the matter because the theatrical reputation of the city is at stake and because, also, the estate in question of failing to live up to an obligation assumed some years ago by the enterprising capitalist whose name it bears.

PUBLIC IS NOT CONTENT.

South African War is Badly Disturbing the People of England.

NEW YORK, Sept. 26.—Concerning the South African situation the London correspondent of the Tribune says:

While there are no fresh reverses in South Africa, there is an undertone of public discontent with the conduct of the war and the results of paper diplomacy. Clubmen of all parties are laughing heartily over Gould's effective cartoon, entitled "On the links of the Empire." To Golfer Asquith, commenting casually on the unsatisfactory war news, Golfer Balfour replies: "What war? The South African? Why, I thought that was finished on the 15th. We fixed the date."

That cartoon, with characteristic poses of both men, expresses grimly the public impatience over what is now generally regarded as a silly farce in attempting to end hostilities by proclamation. Mr. Chamberlain has always been credited with the authorship of the proclamation, and his enemies, Tory and Radical alike, don't spare him. Equally effective strictures are found in the Conservative journals like the St. James Gazette upon the appointment of Generals Buller, Wood and the Duke of Connaught as commanders of the first three army corps under the scheme of reorganization. Mr. Kruger has just received reports estimating the rebels in the field at 15,000. Probably this is a greatly exaggerated number, but the Boers are still getting many recruits in Cape Colony.

Sir Michael Hicks-Beach is now believed to have enough money in hand to carry on the war until the end of January.

ANOTHER DAY IN CHOOSING A JURY

The fourth day of the Adams trial is practically the same as the first, so far as the taking of testimony is concerned. Not a single juryman has yet been sworn to try the case, although several talesmen have been temporarily passed by the attorneys for the defense.

The defendant, who is on trial for the killing of his former friend, Dr. J. G. Jessup of Berkeley, evinces no interest in the proceedings, and the questions of Attorneys Church and Snook as to the various talesmen's opinion of a man who would, in a drunken frenzy, shoot down his friend, seem to cause the defendant no embarrassment.

His daughter, however, anxiously scans the face of each prospective juryman, and betrays the strain under which she is laboring by a drawn expression of her delicate features.

It is rumored that Attorneys Snook and Church will endeavor to prove that Adams was in a state of delirium at the time of the shooting, and that he was raving when taken to the Receiving Hospital immediately after the tragedy.

Witnesses who were present at the hospital while Adams was being treated for the wounds inflicted by his victim state, however, that the ex-preacher was undoubtedly under the influence of alcohol, but not in a state of delirium. They declare that he was remarkably rational, and talked of the shooting in a comprehensive manner.

BOLD HIGHWAYMAN HELD UP WOMAN.

Beat the Ruffian Off With Her Umbrella and Saved Valuables.

Yesterday afternoon, just before dark, a ruffian attempted to hold up a defenseless woman who refuses to give her name, in the vicinity of Highland Park in East Oakland, and was worsted in the struggle which ensued. The woman used her umbrella so quickly and effectively when she was accosted by the highwayman that he was put to inglorious flight, not before, however, he made an ineffectual attempt to grab the woman's watch, which was hanging on the outside of her dress.

The unknown woman's hair was disarranged and her clothing torn in her fight with the highwayman. She called at Mrs. A. Pilcher's residence, at 676 Twenty-third avenue, it being the first one she came upon in that unfrequented district after the attempted robbery. Here she told how she had put the robber to flight and saved her money and gold watch which she showed to Mrs. Pilcher.

The plucky woman refused to give her name even to those who befriended her, fearing it would appear in the papers.

The attempted hold-up was reported to the police immediately after the woman had taken her departure for San Francisco, where she claims to reside.

DEATH WILL BE HIS FATE.

An Insurgent Leader Must Pay the Price of Murder.

WASHINGTON, Sept. 26.—Mail from the Philippines received at the War Department recites the trial of four natives on a charge of murdering American prisoners.

They were a part of the insurgent guard of two American prisoners, George R. Sullivan and Private James I. Husketh, Twenty-ninth Volunteer Infantry.

Their commanding officer, a Lieutenant of insurgents, issued an order that when the Corporal of the Guard, who was marching in front of the prisoners, should lift his hat the insurgents behind the Americans should take it as a signal for the bayoneting of the prisoners.

This brutal program was carried out to the letter.

General Chaffee set aside their sentences of death and set them at liberty on the ground that they were compelled to obey orders. The insurgent Lieutenant who ordered the Americans put to death is now awaiting the execution of the sentence of death.

BOER SYMPATHIZERS TO HOLD MEETINGS.

LONDON, Sept. 26.—The Vienna correspondent of the Times quotes the Wiener Tageblatt which says a movement is on foot for sympathizers with the Boers in all countries to hold meetings. Promises of adhesion to the plan have been received from Germany, Austria, Russia, France and other countries.

A parliamentary campaign in Austria is threatened against the alleged infringement by Great Britain of the law of nations. Other symptoms of Anglophobia are noticed. The Reichswehr prints an editorial accusing Great Britain of violating all the principles of warfare.

The Vaterland remarks that the recent British reverses in South Africa have caused satisfaction throughout the whole civilized world.

NO AGREEMENT.

BERLIN, Sept. 26.—With reference to the report of an agreement as to price between aluminum manufacturers in the Continent of Europe and in the United States, the Frankfurter Zeitung says it learns authoritatively that no agreement has yet been reached, but that the negotiations continue.

NO USE FOR THE ANARCHISTS.

Board of Trade Will Take an Interest in the River and Harbor Bill.

A meeting of the Board of Trade was held yesterday afternoon at 4 o'clock, President Sol Kahn occupying the chair.

The following named merchants were unanimously elected to membership: W. D. McDonald, C. W. Hollis, Hutchinson, Ransome Company, E. Fritsch, Felton Taylor, C. H. Hawbaker, Charles H. de Vall, Oakland Rockdale Company, Emil J. Saake and Fairchild Dowling and Young Brothers.

Sol Kahn, chairman of the License Committee reported that at a meeting of the Council, the protest of the Board of Trade was heard against the proposed business tax, and that it was his belief that the protest would influence the members of the Council favorably in the matter of taxing the merchants.

J. H. Taylor reported that the Committee on Rivers and Harbors had received a communication from the Executive Committee of the National Congress of a conference of the advocates of river and harbor appropriations to be held in Baltimore, Maryland, on October 8th and 9th inclusive. The communication set for that "Erroneous ideas of river and harbor improvements, and appropriations, therefore, have arisen through incorrect representations and misconceptions, which tend to create an adverse sentiment against a river and harbor bill generally. It is believed that a careful presentation of all the facts, relating to this important national question, will result in more sound public conclusions, and thereby greatly aid Congress in the passage of a river and harbor bill.

"It is believed that the results of the efforts of this Congress will not fail in producing a beneficial influence both upon public sentiment and upon the future policy and action of the Congress of the United States."

President Kahn instructed the committee to send resolutions approving the contemplated action of the congress in Baltimore, assuring that body of the hearty co-operation of this city in any measures tending to better the condition of commerces dependent on water ways.

A communication from the Pittsburg Chamber of Commerce was read, asking that the Board of Trade of this city forward its sentiments regarding the spread of anarchy and its means of suppression. The following resolutions previously adopted were directed to be sent in response to the request:

"The Oakland Board of Trade, in common with all organized bodies all over this broad land is moved by emotions of the most profound grief at the untimely taking off of our revered President, William McKinley and detestation and horror at the act of the cowardly assassin who was the immediate cause of our loss, and therefore be it

"Resolved, That we take to heart as we believe have all the millions of the people of this great republic the lesson that liberty is not license, that freedom of speech does not permit seditious utterences, and that the freedom of the press does not involve or permit incitements to lawlessness as the natural outcome of which we are today bowed in most profound grief, humiliation and shame.

"Resolved, That our voice be added to the call of the loyal people of this great country that the Congress of the United States soon to assemble shall take such action as shall absolutely prevent the coming to our shores of the lawless, the depraved, the criminal and vicious classes from foreign countries; and that the public teaching by individual or press of doctrines of anarchy and of disloyalty to constituted authority shall be regarded and pronounced as treason and treated as as such.

"Resolved, That this Board adjourn immediately upon the adoption of these resolutions which are hereby ordered spread in full upon the minutes, and a copy given to the press for publication.

"Signed: Sol Kahn, president; Hugh Hogan, M. J. Keller, A. H. Breed, E. A. Herron, R. H. Chamberlain."

The Board then went into executive session and discussed an industrial plan which be of very great benefit to the city in the near future. A manufacturing enterprise of great magnitude is soon to be established, but the details will be kept quiet until such time as publication will be warranted. It is feared by the members of the Board that were the details given out. Now that parties holding land would increase their price and thus defeat the establishment of a large manufacturing concern which will give employment to many hundreds.

After the executive session the meeting adjourned.

WILL CONTEST THE ASSESSMENT.

Washington Street Property Owners Hold Meeting and Prepare to Bring Suit.

It is the intention of many of the property owners, the assessment on whose property was recently raised by the City Council to contest the same in the courts. A number of those holders of realty who object to the action of the Council in increasing the assessment have already taken steps to fight the case and propose, if possible, to enlist in the move others who have not yet been informed of the purpose in view.

In this respect the initiative was taken at a meeting which was held last night in Masonic Hall which was attended among others by the following: Fred and Sol Kahn, Salinger Brothers, E. A. Van Loben Sels, representing the De Fremery estate; Judge Havens, F. S. Page, representing the Bacon Estate Company; J. A. White, representing the Playter estate; Dr. Fine, Dr. J. P. Dunn, J. T. Moran and about twenty others.

It was decided to organize and secure the co-operation of every owner whose property assessment was raised. This was done, Fred Kahn being selected as chairman, the other members of the executive committee being F. S. Page, E. A. Von Loben Sels, Dr. Fine, and Julius Kahn.

This action was not taken until after the speeches had been made by several of these present, among them, Judge Havens who said that, in his opinion, the proceedings of the Council in raising the assessment, were irregular and that the entire assessment was, perhaps, endangered.

The executive committee as above, was authorized to employ attorneys and a secretary and to bring the increased assessment into the courts at as early an hour as possible for adjudication. The expense of the contest will be borne pro-rata by the tax-payers who take part in the move.

Another meeting in furtherance of this purpose will be held soon at the same place at the call of the chairman of the committee.

Beware of underhanded offers to undersell quoted prices. Such offers are invariably made by men who do not dare make public their own prices, knowing same to be much higher. Once you give their class a chance, you will invariably get the worst of it, whilst in the majority of cases the stocks will so be bought from undersigned to fill your order.

You will always receive from me the benefit of a change in price, if by the time your orders come in there has been any change.

Our plan of investment cannot help but meet with the approval of any business man or woman; it is simple. The Company sells you 100 shares of stock for $25, or 25c per share, the par value of which is $1 per share or $100. This stock is not assessable for any purpose. Upon the payment to the Company of $25 cash, they will issue to the purchaser a certificate of stock for 100 shares of its capital stock. The Company then gives the purchaser a written agreement to allow him 50 per cent advance for said 100 shares of stock after the first year from date of purchase to apply upon the purchase price of any piece of property he desires to buy, owned by the Company. Purchasers may buy 500 shares of stock on installments, as follows: $25 cash and $10 per month thereafter until paid for. Larger amounts of stocks in proportion.

COMPANY CLAIMS IT HAS RIGHTS.

Want to Erect Poles in San Leandro But Trustees Will Not Act.

SAN LEANDRO, Sept. 26.—An adjourned meeting of the Town Trustees was held on Tuesday evening. Those present were Trustees Eber, Gallett and Quinn. Absent, Ritter.

The matter of repairing the fire hydrants was referred to the Fire and Water Committee.

The Finance Committee reported that, acting under the advice of the City Attorney, the committee had rejected the bill of A. Gomes for groceries furnished the Goncalves Silva family during the presence of smallpox in that family.

The question of having a sewer built on Maud street was again brought to light. G. R. Morgan said he had been appointed as a member of the Board of Health to request the Trustees to take some action in the matter at once. He also stated that several of the residents on the avenue had requested him to bring the matter again before the Board.

Mr. Morgan said he believed that the sewer should be built at once. Mr. Johnson was present and also thought it should be delayed no longer.

Trustee Quinn was not in favor of having the sewer built any further than Mr. Johnson's place.

After the subject was gone over in the usual manner it was again laid on the shelf.

Mr. Goodfellow, a San Francisco attorney, appeared before the Board and again asked permission of the Trustees to allow the Suburban Electric Light Company to erect poles in this place. He claimed that the company had an absolute right to erect the poles, but as a matter of courtesy he had appeared before the Board to ask permission to erect the same. He explained that constitutionally the company had the right they now requested. He explained at some length the legal rights of the company, but owing to the absence of City Attorney Rawson the Board decided to let the matter rest until the first meeting in October.

A communication was read from the Holy Ghost Association thanking the Board for courtesies extended during the late session of that society in this place.
